

Assorted Banner Printing

A Frame Banner

A-Frame banners provide many alternatives to traditional advertising ideas. All A-frame banners come as a complete set that includes a carry bag. The unmatched branding opportunities available with the A-frame banner include brilliant, vivid digital printed graphics or advertising messages.

A-frame banners can be displayed either vertically or horizontally. If the A-frame banner is displayed horizontally we use one or two banners, otherwise if displayed vertically, with three banners.

The A-frame banners are available in different sizes.

Canvas Printing

Turn photographs into distinctive canvas prints that turn your memories into art on canvas. Canvas Photos can print your digital or film photos in their original quality onto artists canvas. This revolutionary printing technique offers a timeless work of art of that special picture.

Ideas

Almost any photograph is suitable for printing on canvas. Whether it's an old photo that you want to convert to retro art or a special memory that you want to grace your home in a format a little different to a traditional photograph, printing on canvas will be suitable. Some ideas for photos to print on canvas include:

- * Old photos
- * Weddings
- * Birthdays
- * Portrait photos of your children
- * Landscapes
- * Nature close-ups

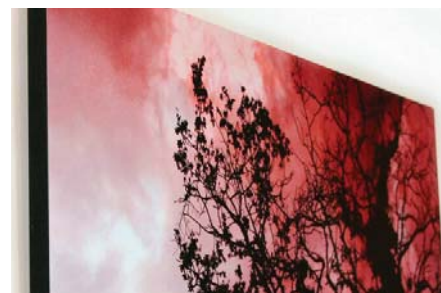

One of the key benefits of canvas photo printing is that the rough surface is extremely forgiving, allowing you to print pictures at a size that normal photo paper would not allow - quality breakdown in the picture is hidden by the rough surface, making canvas printing ideal for printing old pictures, or pictures that cannot be printed any larger with traditional printing methods.

Printed digitally on picasso artist canvas 100mm blank around print, if client wants to stretch it themselves

Unstretched – Is when we print the canvas and we give you the canvas rolled up so you get only the printed canvas. We also leave a 100mm border around the image.

Stretched – Is when the canvas is stretched or tensioned over a wooden frame also known as blocked or mounted.

The canvas has a nice finish to it, you can also choose if you want the edges in colour or a white border.

Size	Unstretched	Stretched
A4	R 40.00	R 161.50
A3	R 57.00	R 180.50
A2	R 114.00	R 256.50
A1	R 237.50	R 513.00
A0	R 361.00	R 788.50
1.2 x 1.2 m	R 520.60	R 1 121.00

PVC Banner Printing

PVC Banners

PVC banner material comes in roll form and is printed directly to the surface of the PVC, using large format digital printing. Banners are a versatile substrate which can be used for indoor or outdoor applications. PVC banner material can be folded over and welded to give a reinforced edge.

Eyelets can be included so that ropes can be threaded through for fixing. Another method of banner finishing is to include a 'pocket' which poles can be inserted.

A major advantage of PVC banner material is easy transport and storage. Digital printing allows for full colour images to be printed onto the PVC banner material.

1. PVC Banner Single sided, full colour digital, Reinforced pvc, 480gram, Black/white. (seaming & eyelets included)
R230 per square metre

2. PVC Banner Single sided, full colour digital, Reinforced pvc, 480gram, Black/white. (seaming & eyelets not included)
R180 per square metre
