

Vinyl Stickers / Window Graphics

Custom Vinyl Stickers

Sticker printing is an effective promotional item and it's always a great idea to use stickers for advertisement of your services and products. Stickers printing can be used in many different ways according to your business needs.

You can design it and shape it in any way you want. Stickers are a great way to maximize the performance and productivity of your business immediately. Attractive colours and designs of stickers play a vital role in getting good results out of them.

Full Colour Printed Per Square Meter	@	R 230	Print & Cut Shape
Full Colour Printed Per Square Meter	@	R 210	Print only
Minimum amount for stickers to be printed is		R 130	

Contra Vision / One Way Vision Vinyl

One way vision, especially for glass and plexi surfaces. Ideal for decoration purposes when the goal is to allow people to see through the surface from the inside.

As the material is perforated, the printed surface will not be as vivid as in the case of regular self-adhesive materials. We strongly recommend applying a protective film to the print for long-term use since the tiny holes pick up dirt easily, making it easier for the film to peel off the surface

Vinyl Cut Out

Please keep in mind that we have to see the design before we can quote on vinyl cut out. Fine detail takes extremely long to weed. For better prices, clients can weed the cut out themselves & put in on an application tape that we can provide separately at R70 per Square meter keep in mind that application tape can be used multiple times.

On 10m² vinyl cut out we usually supply 1m² application tape

Per Square Meter	@	R 330
